1. African Forum for Agricultural Advisory Services (AFAAS) is a Continental body that brings National Agricultural Extension and Advisory Services (AEAS) stakeholders in Africa under one umbrella. The AFAAS bi-annually organizes the Africa-wide Agricultural Extension Week (AAEW) through the Host Countries and Institutions that express interest in collaboration with the respective Country Fora (CFs). The AAEW is an international event that brings together Agricultural Extension and Advisory Services (AEAS) stakeholders and other value chain actors across Africa and globally to deliberate on selected strategic and topical themes on AEAS for sustainable development in Africa. Its purpose is to facilitate processes for improving access to and use of knowledge, technologies, and innovations by agricultural value chain actors to achieve their individual, national and global development goals.

Africa Wide Agricultural Extension Week: The AFAAS uses the Africa Wide Agricultural Extension Week as a unique avenue for sharing experiences and learning between professionals from different backgrounds, strengthening interactions with policymakers and investors and developing strategic partnerships. In addition, the AAEW provides a platform to discuss AFAAS strategic directions and functioning, new developments, emerging needs, paradigms and defining new directions for AEAS in Africa for the coming years.

The 2025 AAEW will be held at the Bingu International Conference Centre (BICC), in Lilongwe, Malawi from 12th May 2025 to 16th May 2025 under the theme: "Rebranding Extension for Enhanced **Public/Private Sector Driven Commercialization Industrialization and Inclusive Food Systems**". The event has the following seven sub themes:

- i. Strengthening agriculture and AEAS policy environment and institutional frameworks.
- ii. Capacitating and supporting high quality and accessible AEAS prioritization, delivery and utilization systems for commercialization, industrialization, climate action, soil health, and food systems transformation.
- iii. Mobilizing AEAS and research, in innovation platforms for resilient RA based agri-production and marketing systems.
- iv. Leveraging Digital Potentials for AEAS & RA.
- v. Adopting Inclusive Strategies/Approaches for Service Provision.
- vi. The role of the youth in Commercialization Industrialization and Inclusive Food Systems".
- vii. Financing commercialization, (Industrialization) and agri-food Systems.
